**1st INTERNATIONAL CONFERENCE ON
RECENT TRENDS IN
COMPUTING, SECURITY AND APPLICATIONS**

*The Computer Science Department of Mankar College solicits your
presence on the Inaugural and Valedictory functions of*

ICRTCSA - 2020

26th March, 2020

Organized by

**Department of Computer Science
Mankar College**

In Collaboration with

DEPARTMENT OF COMPUTER SCIENCE

THE UNIVERSITY OF BURDWAN

Mankar College

(*NAAC Accredited at B+*)

Mankar, Purba Bardhaman, West Bengal, 713144

E.mail : icrtcsa@gmail.com Website : www.mankarcollege.ac.in

SCOPE OF CONFERENCE

The aim of the conference is to provide an international forum for industry professionals, academicians and researchers to deliberate and state their research findings, discuss the latest advancements and explore the future directions in the emerging areas of **Computing, Security and Applications**.

Also **ICRTCSA-2020** aims to bring together both young and experienced scientists with developers to meet new colleagues, collect new ideas and establish new cooperation between research groups and provide a platform for researchers from academic field and industry to present their original work and exchange ideas, information, techniques and applications in the field of Security, Networking, Big Data, Cloud Computing, Data Analytics, IoT and other blooming areas of research. A poster presentation contest for students will also be held on the day of conference. Poster presentation topic is **“Cyber Security is Our Shared Responsibility”**. A minimum of 2 students and maximum 4 students can register for poster presentation. On the day of the seminar, everyone will have to register with the required money at counter from 8.30 AM onwards. The best poster award will be selected by a jury of experts and award will be presented during end of the conference.

Corporate People:	Rs. 1500/-
UG/PG Student :	Rs. 150/-
Participants :	Rs. 500/-
Foreign Delegates :	\$ 50 (USD)

[Each accepted paper needs at least one author to have one Full Registration (Academia/Corporate)]

- **Original unpublished articles are invited for submission to following tracks including the topics, but are not limited to:**

- AI & Machine Learning
- Application security
- Attacks and defences
- Smart Grid Computing
- Bio-informatics
- Computational Intelligence
- Big Data Analytics
- IoT Architectures & Protocol
- IoT's impact on 5G
- Cloud & Fog Computing
- Wireless Sensor Networks
- Parallel & Distributed Networks
- Internet of Things Networks
- Social & Smart Networks
- Software-Defined Networks
- Cloud and web security
- Distributed systems security
- Digital forensics
- Hardware security
- Internet of things (IOT) security
- Intrusion detection and prevention system
- Neural Networks

- Vehicular Ad-hoc Networks
- Mobile Ad-hoc Networks
- Image Security & Forensics
- Theoretical Computer Science
- Pattern recognition
- Image Processing and analysis
- Wireless Network System and Security
- Biometrics Systems
- Cryptography and Data Security
- Data Privacy Preserving Techniques
- Software Quality
- Mobile security
- Network security
- Security architectures
- Security aspects of web application deployment
- Computer Vision
- Data Compression and database systems
- Digital Signal and Image Processing
- Distributed and Parallel Processing
- Distributed Systems
- E-commerce and E-governance
- Information System

About the College:

Mankar College, established in 1987, has been serving the under-privileged students for more than thirty years. The college has been able to uphold the rich tradition of education rooted in the locality. The modern system of education began here when Pandit Iswar Chandra Vidyasagar established a normal school in the mid-19th century. In keeping with this tradition the College has established itself as a seat of learning disseminating the fruits of knowledge to a large underdeveloped rural area including the more backward jungle-mahal of West Bengal.

About the Department:

Department of Computer Science, Mankar College, has been imparting quality education to students for over two decades. This department is a pioneer in starting under graduate Computer Science courses under the University of Burdwan, way back in 1999. Department has already undertaken many research projects funded by various funding agencies. The department has modern well-designed class rooms and are well equipped for adopting modern teaching aids like LCD projectors, Smart Class Rooms etc. The laboratories are well equipped with latest equipment, demonstration kits, charts etc. Effective and reasonable use of ICT - Google form of assignments is encouraged among students. The department has played a key role in making it one of the best in the University, known not only for its placement assistance but also for its focus on student-centric learning. The students of this department are working in India and abroad with reputed MNCs like TCS, CTS, Wipro, IBM etc and in different government organisations, Banks and PSUs.

Location:

Mankar is well connected by both railways and roadways. The college is on the Bhatkunda highway, two kilometers from Mankar Railway Station and about a kilometre from the Mankar Bus Stop. It takes less than twenty minutes to reach the college from the railway station on foot. The buses plying to and from Bhedia stop almost at the college gate itself.
